2. [redacted] the amount of raw wool imported into the Russian zone from the Netherlands differ from those listed in Table IIa of the previous report; he states that ninety rather than sixty-six tons, valued at 175,032 rather than 128,304 marks, were received. Similarly, for the amount of potash fertilizers shipped to the Netherlands, he lists a figure of 35,350, worth 2,269,020 marks; according to Table IVa of the earlier report only 9,435 tons worth 825,560 marks, were exported to the Netherlands.
